

Netgem ANNOUNCED AS A CSI AWARDS FINALIST

Up against Orange and Echostar

London, UK, 20th July 2016

Netgem is shortlisted for the **Best customer premise Technology-EE, Best social TV technology service or application- EE, and Best mobile TV technology or service-Post TV go app.**

Netgem provides fixed and mobile telecom operators with #TelcoTV, a multiscreen solution that offers intuitive navigation and simple access to the content, in and out of the home. With more than 20 deployments in over five million households worldwide, Netgem delivers TV solutions to the most innovative Telco operators and helps them win in their market.

The CSI Awards, which are celebrating their 14th year, recognise excellence in the broadcast, video, OTT and IoT sectors and are organised by CSI Magazine (Cable and Satellite International Magazine). The winners will be determined by an independent judging panel and will be announced on Friday 9 September 2016 at IBC in Amsterdam. The full list of finalists and further details about attending the awards ceremony are available at www.csimagazine.com/awards

Finalist

Best customer premise technology
Best mobile TV service
