

Netgem wins The Fast Mode 2015 #TopTechVideos

London, UK – 2 November 2015 – Netgem, the acclaimed end-to-end video entertainment provider and global leader in #TelcoTV, is the proud winner of The Fast Mode 2015 #TopTechVideos Popular Choice Award for their Multiscreen Experience video. The video focuses on Netgem's connected television experience and the links between smartphone, tablets and TV. You can see Netgem's video [here](#).

#TopTechVideos, telecom's largest web event, took place from the 1st to 30th of October, with the showcase of 35 leading telecom technology solution videos. The event recorded more than 34,000 visits from all over the world, namely the United States, the United Kingdom, France, India, China, Sweden, Canada, Indonesia, Portugal, Germany, Spain, Belgium, the Middle East and Singapore. During the event, visitors were asked to vote for their favourite product videos, and these scores along with the evaluation by #TopTechVideos Panel of Judges comprising experts from major Mobile Network Operators globally were used to determine the winners of the 2015 #TopTechVideos Popular Choice Award. Netgem came out on top with a combined high score of 9.11.

Sylvain Thevenot, Managing Director at Netgem TV PVX, said, 'I am very proud that Netgem has won the Best Video award from The Fast Mode. Our Multiscreen Experience video highlights unique features that have been deployed successfully with many of our customers around the world. TV Multiscreen is of our three #TelcoTV Essentials, so we look forward to competing again next year'.
